

Year 2 – Geography – Continents and Oceans of the World

Intent:

- ✓ Where is the UK, the equator and the North and South poles on a world map?
- ✓ What is different about the land and climate at the equator and at the North and South poles?
- ✓ Where do different animals live in the world?
- ✓ Why don't polar bears eat penguins?
- ✓ What are physical features and what are human features of land?
- ✓ What can I use to find places in the world?
- ✓ How can I find things on a map? Can I label them?

EXTENDED WRITING:

Non-chronological report about the continents of the world.
