

Year 2  
Spring Term  
Puppets

Evaluating existing products	To investigate a range of different puppets including their features.
Investigate materials, tools and techniques	Allow children to work with fabric to create a simple finger puppet. Give the children opportunities to develop and practise their sewing skills such as a running stitch and over stitch.
Design	Children to draw or use computer aided design to create their own glove puppet for a particular purpose. Create a design criteria.
Make	Make a glove puppet for a particular purpose.
Evaluate	Evaluate the final product against the design criteria
